

International Scientific Conference
Sustainable Agriculture and Environment (SAE) 2018
Agenda

Day 1	Thursday, December 13th				
	Thien Ly Building (Ground and Fourth Floors), Nong Lam University				
13:30-16:00	Registration & Poster Setup				
Day 2	Friday, December 14th				
7:30-8:30	Registration and Welcome (Ground Floor)				
8:30-9:00	Opening Ceremony (Third Floor – Room 303)				
	Plenary Session				
9:00-10:00	Keynote Lecture 1: Twisted Attitudes toward Environment and Agriculture Prof. Dr. Kim Doo-Chul, Okayama University, Japan				
10:00-10:30	Coffee Break + Poster Session – Room 409				
10:30-11:30	Keynote Lecture 2: Sustainable Agriculture and One Health Prof. Dr. Nigel Perkins, The University of Queensland, Australia				
11:30-12:30	Keynote Lecture 3: Application of Ultrasound, Radio Frequency and Infrared Radiation Combined with Heat Pump Dryer for Drying of High Value Agricultural Products in Vietnam Prof. Dr. Nguyen Hay, Nong Lam University, Vietnam				
12:30-13:30	Lunch Buffet – Room 409				
	Parallel Sessions				
	Conf. Room 205	Conf. Room 302	Conf. Room 307	Conf. Room 502	Conf. Room 503
	Session 1	Session 2	Session 3	Session 4	Session 5
	Sustainable Agriculture & Production	Food Safety & Security	Natural Resources & Current Environmental Issues	Agriculture & Bio-system Engineering	Socio-Economics in Sustainable Agriculture
	8 oral presentations	8 oral presentations	8 oral presentations	6 oral presentations	8 oral presentations
	Chairman: 1. Assoc. Prof. Dr. Nguyen Tat Toan, NLU-HCMC, Vietnam 2. Prof. Dr. Nigel Perkins, The University of Queensland, Australia 3. Prof. Dr. Tanjuro Goto, Okayama University, Japan	Chairman: 1. Assoc. Prof. Dr. Phan Tai Huan, NLU-HCMC, Vietnam 2. Assoc. Prof. Dr. Mark Turner, The University of Queensland, Australia	Chairman: 1. Assoc. Prof. Dr. Le Quoc Tuan, NLU-HCMC, Vietnam 2. Dr. Oleg Nicetic, The University of Queensland, Australia	Chairman: 1. Assoc. Prof. Nguyen Huy Bich, NLU-HCMC, Vietnam 2. Prof. Dr. Morihiko Maeda, Okayama University, Japan	Chairman: 1. Dr. Nguyen Bach Dang, NLU-HCMC, Vietnam 2. Dr. Le Cong Tru, NLU-HCMC, Vietnam 3. Prof. Dr. Kim Doo-Chul, Okayama University, Japan
13:30-14:30	Oral presentations 1-3	Oral presentations 1-3	Oral presentations 1-3	Oral presentations 1-3	Oral presentations 1-3
14:30-15:00	Coffee Break + Poster Session - Room 409				
15:00-16:40	Oral presentations 4-8	Oral presentations 4-8	Oral presentations 4-8	Oral presentations 4-8	Oral presentations 4-8
16:40-17:30	Closing Ceremony – Room 303				
18:30-21:00	Gala Dinner				
Day 3	Saturday, December 15th				
	Field Trip & Travel Tours				

	Parallel Session Details (Day 2, December 14th)				
	Conf. Room 205	Conf. Room 302	Conf. Room 307	Conf. Room 502	Conf. Room 503
	Session 1 Sustainable Agriculture & Production	Session 2 Food Safety & Security	Session 3 Natural Resources & Current Environmental Issues	Session 4 Agriculture & Bio-system Engineering	Session 5 Socio-Economics in Sustainable Agriculture
13:30-13:50	Effects of Media Types Hardened by Heat Fusion Polyester Fiber on Yields of Cut Flower of Rose Goto Tanjuro Okayama University	<i>In Vitro</i> Starch Digestibility and <i>Ex-Vivo</i> Glycaemic Response of Vietnamese Starchy Foods Huynh Tien Dat Nong Lam University	Eco-Friendly Approach for White-leg Shrimp (Litopenaeus Vannamei) Aquaculture in The Mekong Delta Ngo Thuy Diem Trang Can Tho University	Period and Temperature of Intermittent Low-Temperature Storage Affect Bolting and Flowering in Eustoma Phan Thu Thao Okayama University	An Analysis of Factors Affecting to Farmer'S Participation in Agricultural Extension Program in Ninh Phuoc District, Ninh Thuan Province Do Minh Hoang Nong Lam University
13:50-14:10	Development of Edible Films Coatings from Seaweed Hydrocolloids Tran Thi Bich Thuy Nha Trang University	Urban Consumer Perceptions of Food and Food Safety in Myanmar And Vietnam: Between Tradition and Modernity Estelle Bienabe Centre de coopération internationale en recherche agronomique pour le développement (CIRAD)	Nitrogen Management in Soil and Water for Our Future Earth Morihiro Maeda Okayama University	Development of The Heat Pump Controller for Preventing Flower-Bud Abscission of Sweetpea Yasuba Ken-ichiro Okayama University	Modelling Water Management for Irrigated Agriculture: A Case of Song Sat Reservoir in Bac Ai, Ninh Thuan Province Tran Doc Lap Nong Lam University
14:10-14:30	Presence of Methicillin-Resistant Staphylococcus Spp. Carriage in Dogs and Cats from Brisbane Area Vo Thi Tra An Nong Lam University	Safety and hazards of transporting food products: A systematic review Rasheed Onakaya Liverpool John Moores University	Evaluating the Ecosystem Service-Related Quality of Life (E-QoL) Of Residents in District 1 and District 7, Ho Chi Minh City Thai Van Nam, HUTECH University	Performance Assessment of Mechanical Dryer in Pepper Production Tran Van Tuan Nong Lam University	Economic Efficiency of Coastal and Offshore Fishing: A Case Study of a Coastal Commune Nguyen Bach Dang Nong Lam University
14:30-15:00	Coffee Break + Poster Session				
15:00-15:20	Effects of Non-Woven Fabric on CO2 Concentration Under Floating Row Cover in Producing Leaf Vegetables Yoshiki Kei Okayama University	Sustainable food supply chain towards food security: a case study Arnita Rishanty University of Liverpool	Evaluation of Water Quality and Soil Nutrients in Winter-Flooded Paddy Fields Hiroaki SOMURA Okayama University	Study on The Dyeing Technology for Wood Bui Thi Thien Kim Nong Lam University	Cooperatives and Smallholder Market Access in Vietnam: Legal Principles and Practices Dinh T. H. Tram University of Queensland

15:20-15:40	Effects of Lighting Techniques on The Productivity and Quality of White Flesh Dragon Fruit (<i>Hylocereus Undatus</i> (Haw.) Britt. et Rose) Vo Thai Dan Nong Lam University	Harnessing environmental biocontrol Lactic Acid Bacteria for food safety and quality Mark S. Turner University of Queensland	Wastewater Treatment in Constructed Wetland Using Soil-Based Material as Filtration Bed Kim Lavane Can Tho University	Study on Reducing the Flammability of Wood Materials Bui Thi Thien Kim Nong Lam University	A Method for Evacuation Route Planning in Earthquake Disasters Based on Centrality Ayato Harada Okayama University
15:40-16:00	Smallholder farmer's adaptive solutions in aquaculture before impacting of climate change in Tam Giang lagoon, Thua Thien Hue province, Vietnam Nguyen Van Chung Hue University of Agriculture and Forestry	Development of Plant-Based Milk Like Non-Dairy Beverages Sangeeta Prakash The University of Queensland	Data-Driven Modelling for A Local Wind Field Around Two Small Connected Lakes in Jyväskylä, Finland Takayuki. Shuku Okayama University	Effect of Drying Methods and Drying Regimes on Quality of Chameleon Plant (<i>Houttuynia Cordata</i>) Leaves Nguyen Thanh Phong Nong Lam University	Agrarian Dynamics, Economic Successes and Vulnerability to Global Change in Cai Be, Mekong Delta Olivier Ducourtieux UFR Comparative Agriculture, UMR Prodig, AgroParisTech, Paris
16:00-16:20	Sustainable Small-Holder Dairy Production in India and South East Asia Philip Chamberlain University of Queensland	Traceability in Food Supply Chains: Administrative Burden or Opportunity for Sustainability and Resilience? Renzo Akkerman Wageningen University	Perceptions of Climate Change and Climate Change Adaptation in Rice Production: An Empirical Study in Mekong Delta, Vietnam Ho Thanh Tam Ritsumeikan University		Safe Vegetable Production in Ho Chi Minh, Vietnam: Status and Solutions Nguyen Thị Thu Trang Nong Lam University
16:20-16:40	Modeling Conceptually the Complexity of Sustainable Food Production in Complete Value Chains Per Engelseth Molde University College	Building Effective Food Safety Programs in Low- and Middle-Income Countries Glenn Young, University of California	Automated Procedure of Real-Time Flood Forecasting in Vu Gia – Thu Bon River Basin, Vietnam By Integrating Swat and Hec-Ras Models Nguyen Kim Loi Nong Lam University		World Price Transmission for Differentiated Products: The Case of Vietnamese Shrimp in the US Market Ly Nguyen Nong Lam University

- Entrance
- 205 – Session 1: Sustainable Agriculture & Production
 - 302 – Session 2: Food Safety & Security
 - 303 – Opening/Closing Ceremony
 - 307 – Session 3: Natural Resources & Current Environmental Issues
 - 409 – Coffee Break/Lunch Buffet + Poster Session
 - 502 – Session 4: Agriculture & Bio-system Engineering
 - 503 – Session 5: Socio-Economics in Sustainable Agriculture
